

ROCK ISLAND MAY WAR ON MALARIA

If Necessary City Will Participate in
State-Wide Campaign Against
the Mosquito.

BOARD URGES FIGHT ON PESTS

Dr. Foster Declares That There Is No
Acute Disease in This Vicinity Under
Normal Conditions.

If necessary Rock Island will take part in a statewide campaign against the malaria-spreading mosquito. In a bulletin issued by the Illinois board of health today all cities, villages and hamlets are urged to exterminate the pests.

"There is no malaria in this vicinity," Dr. C. T. Foster, city health physician, said. "At least I have never found the disease prevalent. I have written the federal government and the state board of health for an explanation of it, but as yet have received no reply."

"I do not think that it will be necessary for Rock Island to take part in the campaign against the overflows from the Mississippi and Rock rivers this spring unless the situation. The ordinary mosquito in Rock Island is not malaria bearing. It gets down under the skin and bites like the dickens, but doesn't leave any malaria germs. Should the high water of the spring change the situation we will conduct an educational campaign and treat the water in the lowlands."

Bulletin from State.
Springfield, Ill., May 19.—An anti-malaria and anti-mosquito campaign for every town, village and hamlet in Illinois is recommended by the state board of health in a bulletin made public today.

Boy scouts, newspapers, women's clubs and commercial organizations are suggested as the best cooperative mediums for making the campaign successful. In addition the assistance of the state board of health is promised. Preliminary surveys of the territory to be covered by the campaign will be made by the board if requested.

"While well equipped and efficient national and state health departments are best adapted to the work of exterminating mosquitoes, and with them mosquito borne diseases—malaria, yellow fever and dengue—nevertheless," says the bulletin, "very material results can be obtained by popular and voluntary effort if the correct educational and campaign methods are used."

Boys Can Help.
Boy scouts can render a service invaluable to the campaign and very instructive to themselves, the bulletin points out, by scouting the territory within a mile or two of their homes for mosquito-breeding places. The newspapers can make or break the campaign by giving or withholding publicity. The local health officials, however, should maintain general oversight of the work, according to the bulletin, issuing instructions and information to the various agencies engaged in the work.

The chief thing to be fought is stagnant pools of water, according to Dr. J. S. Clark Drake, secretary of the state board of health, and even a rusty tomato can, half-filled with water, may be the breeding spot of sufficient mosquitoes to give several persons a bad attack of malaria.

POSTLIGHTS TO BE STARTED ON SUNDAY

Sunday will mark the official opening of traffic on the Mississippi river between Rock Island and St. Paul, according to an announcement coming from Major G. M. Hoffman, lighthouse inspector. Postlights will be started at that time. Appended is the notice:

"Notice is hereby given that postlights on the Mississippi river, between Rock Island and St. Paul, and on St. Croix river and lake will be started for the season May 21, by order of the commissioner of light houses."

SEATS FOR CONCERT ARE PLACED ON SALE

Much interest is being taken in the approaching concert which is to be given by the Tri-City Symphony orchestra at the Burtis opera house, Davenport, on the evening of Monday, May 29.

Tickets for the event have been placed on sale at the Table and Bowley music stores. Reserved seat chart will be opened Friday, May 26.

FOSTER

Mr. and Mrs. Philip Nussbaum spent Sunday at the home of their parents, Mr. and Mrs. F. W. Foster.

John Yeager was taken suddenly ill Monday morning. He was removed to Hershey hospital, where he underwent a surgical operation for hernia. He is reported as doing nicely.

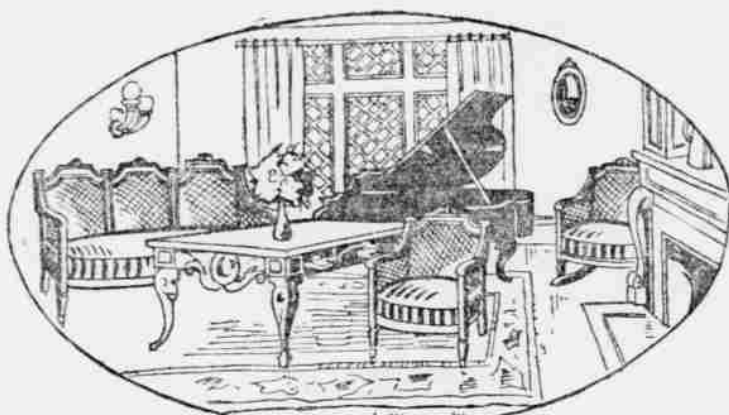

Public Notice.

After this date I will not be responsible for any bills contracted by anyone except myself.
May 19, 1916. PETER PETERSEN.

HOW TO BE SLIM.

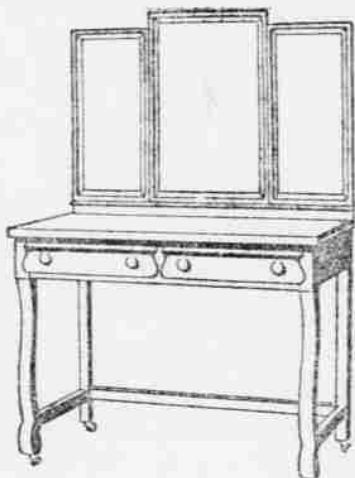

○ If you are too fat and want to
○ reduce your weight 15 or 20
○ pounds, don't starve and weaken
○ your system, or think you must
○ always be hungry at an account
○ of your fat, but go to John J.
○ Foley, (Harper House Pharmacy)
○ or any good druggist, and get a
○ box of Dr. J. C. Foley's capsules.
○ Take one after each meal and one
○ before retiring at night.
○ Weigh yourself once a week
○ and note what a pleasant and re-
○ sultful method this is for remov-
○ ing superfluous fat from any part
○ of the body.
○ It costs little, is absolutely
○ harmless and a week's trial
○ should convince anyone that it is
○ unnecessary to be burdened with
○ even a single pound of unsightly
○ fat.

Franc's—the June Bride's Store

Triplicate Mirror Dressing Table \$19.75

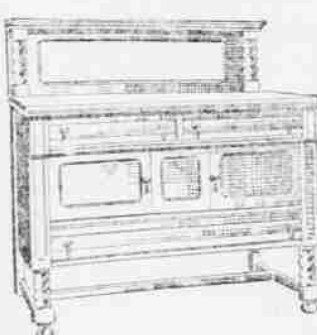

In Solid Oak, Genuine Mahogany or Walnut Finish

An ideal confirmation, graduation or wedding present. The beautiful colonial design and the fine finish and construction make this a gift that surely will be appreciated—and a remarkable value. The triplicate mirrors, besides their artistic worth, are adjustable, thereby increasing their usefulness fourfold. It is fitted with two drawers as pictured. See-

cial monthly terms gladly arranged.

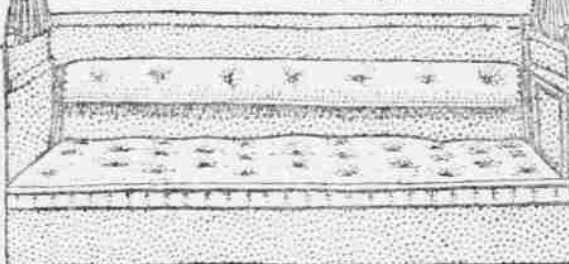

Charles II. Period Fumed Buffet \$24.50

Seldom at this price is a real period piece offered, yet this buffet is exceptionally well constructed and finished. Has large linen drawer, roomy compartment for china and lined silver drawers. Measures 45x24. Buy one on Franc's convenient credit terms.

This Cozy Couch Hammock \$5.95

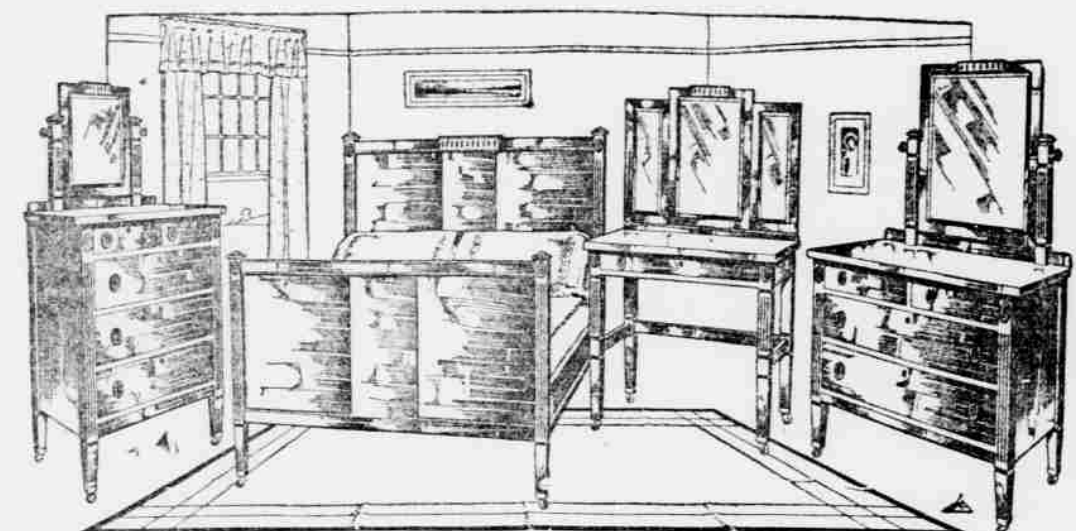

Covered in a durable brown drill. The seat consists of a sagless and most comfortable soft bed spring supporting a cotton felt mattress pad. The hammock is equipped with all necessary fixtures for hanging and is a remarkable value at the price offered.

Liberal terms gladly and
conveniently arranged
on any purchase.

This Four Piece Bed Room Suite \$89

In Ivory Enamel or Genuine Mahogany

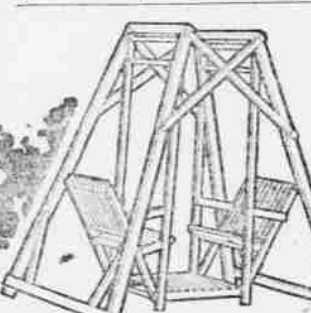

This suite is a masterpiece of artistic worth, modeled from an historic "Adams" creation though slightly modified to meet modern ideas in designing. The beautiful flutings and carvings, though not too extensively used, and the correct period metal drawer pulls, are items of unusual attractiveness. In the ivory suite the tops are all of solid mahogany, lending a most beautiful contrast. The finish and construction are as near perfect as modern cabinet making can accomplish. This suite is specially priced at about two-thirds its value. It can be bought on very convenient monthly payments.

Is the "Cold Storage" Refrigerator Really the Best?

Of course we think so because it reduces your doctor, food and ice bills to a minimum and is constructed to last for years. If you will take time to see one of these demonstrated and behold the points of supremacy yourself you will quickly decide the above question. All sizes and styles are now on display, each at a low price.

This is the glass trap, exclusively "Cold Storage"; easily and quickly cleaned, which protects your ice from the warm ground air.

Porcelain Enameled "Cold Storage" Top Icer Refrigerator \$12.95

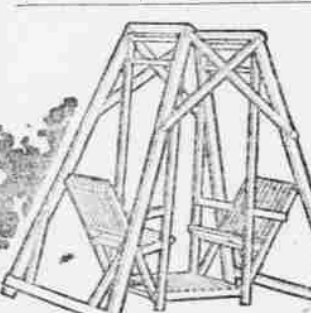

This is a family sized refrigerator. It measures 41 in. x 15 1/4 x 23 1/2. Ice capacity 45 lbs. It embraces every feature of the highest priced "Cold Storage" and is far more satisfactory than a larger but more cheaply made refrigerator selling at about the same price.

Other Refrigerators from \$6.95 to \$40.00

4-Passenger Lawn Swing \$4.95

seats, the strength is guaranteed, and the unusual color combination make it a piece of much artistic worth to lawn adornment.

Big Extra Special 3 1/2 Foot Porch Swing Fumed Finish \$1.98

This swing has shaped seat and is strongly constructed. Complete with all fixtures necessary for hanging.

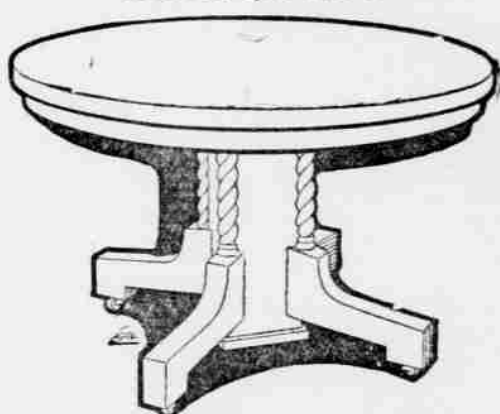

This Gentlemen's Oak Chiffonade \$18.50

Complete with mirror, as pictured, which can be slid inside when not in use. Chiffonade is solidly constructed of genuine oak. It is fitted with five extra roomy drawers, a hat compartment, and a large wardrobe space with sliding coat hangers easily accessible. Pants hangers on the door. Buy one while specially priced on Franc's liberal credit.

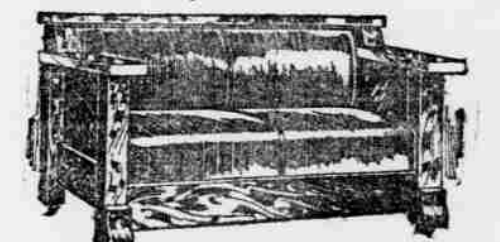

Charles II. Period Dining Table \$14.95

Constructed of solid oak with hard maple slides. It is a correct reproduction of the Charles II. period design, having the typical rope trimming on legs and the molded rim along the top. It is 45 inches across and comes in nut brown fumed color. Chairs can be had to match.

Kroehler Duofold Bed Divan \$22.50

The frame is of solid oak deeply polished golden. It is upholstered with guaranteed brown or black morocco-line leather over plenty of long soft springs. Can be instantly converted into a comfortable full sized bed with separate bed spring and mattress to sleep on. A beautiful as well as durable and practical piece, and very specially priced. Buy one on Franc's liberal and convenient terms.

The "Little Princess" 4-Room Outfit \$185

Terms \$20.00 cash and \$12.50 monthly—should be seen by all contemplating housekeeping. Though completely embracing only the finest furnishings at the price offered economy must be considered its chief attraction.

UNCLE SAM'S EXPEDITIONARY FORCE TRUDGING OVER THE DUSTY MEXICAN DESERT

Mountain battery, Company A, of the 6th Infantry, is seen coming into headquarters near Namiquipa. The long line extends across the sands is lost in the dust of the desert.

DISPLAY MEN RIVER OUTING IS A SUCCESS

The first excursion of the year of the Tri-City Display Men's association was held last evening on the steamer G. W. Hill. The affair was a big success financially and otherwise, and those who attended had an enjoyable time. The display men will hold another outing June 5 on the steamer St. Paul. The St. Paul makes its first appearance here tomorrow, taking out St. Katharine's school of Davenport. Sunday an excursion to Muscatine and return will be held on the St. Paul. The steamer Morning Star will hold the first excursion to

the Kookuk dam Saturday, May 27.

The boat will leave here at 9:30 p. m., returning the following Monday morning at 7 o'clock. An excursion to Muscatine and return will be held Saturday day on the steamer Helen Blair, the boat leaving here at 9 in the morning.

CREATION THE STAR CARNIVAL FEATURE

The chief attraction which will be seen with Parker's show, which will exhibit at Exposition park next week will be that beautiful spectacle, "Creation" which is a complete new exhibition in its entirety. It is said to

be a wonderful production of marvelous realism requiring five or six cars to transport it. The electrical and mechanical effects show true to nature, vivid lightning, volcanic eruptions, the entire stage one mass of lava and steam, the rising moon and stars, the setting sun, a sunburst of rays, Adam and Eve at the tree of forbidden fruit, the scenes changing to utter darkness, then to one of scenic splendor showing heaven in all its glorious beauty.

All the scenery and effects used in the production are built entirely of steel, the entire stage being raised and lowered by hydraulic power. Complete lectures are given at every exhibition.

APPEALS CASE FROM LOCAL POLICE COURT

Initial case this year of a motor vehicle ordinance fine in which there will be an appeal from the police court hearing was brought up today. R. C. Dewey of Moline, arrested last night by Motorcycle Officer Clayton, was assessed \$5 and costs for not having the tail light on his car burning. When fined he announced he would appear later in the day with his attorney, T. P. Sinnet, to take an appeal.

All the news all the time—The Argus.

ASKS \$650 FROM CITY FOR DRAINS

Henry Redecker Alleges Preceding Administration Offered to Pay One-half of Cost of Tiling Land.

Claim for \$650 for which Henry Redecker, 2300 Eighteenth avenue, has brought suit against the city of Rock Island was the topic of consideration at a meeting of the Rock Island municipal commission today. Mr. Redecker was represented at the meeting by his attorney, S. R. Kenworthy. He claims the money is due him as half of the cost of constructing a drain across property which he owns on Eighteenth avenue and Twenty-fifth

street. He alleged that the preceding administration agreed to pay half of the cost. Construction of a drain was necessitated because when the basins were cleaned at the municipal filter plant the water ran into his property. The commission took the matter under advisement and will investigate what proposition the former administration made to Mr. Redecker.

Good and Bad Points.

A man entered a famous restaurant and asked for coffee. After he had finished his repast he called the waiter and said: "Waiter, this coffee has its good points and its bad points. One of its good points is this—it has no chinch in it." "Yes, sir," replied the waiter, quite gratified. Visions of a handsome tip floated before his mind's eye, and he rubbed his hands gleefully. "But," resumed the customer, "its bad point is this—it has no coffee in it."—Argonaut.

Beautiful Bust and Shoulders
are possible if you will wear a scientifically constructed Ben Jolie Brassiere.
The dragging weight of an unconfined bust so stretches the supporting muscles that the contour of the figure is spoiled.
But the bust back where it belongs, prevent the full bust from having the appearance of sagging, eliminate the danger of changing muscles and confine the flesh of the shoulder giving a graceful line to the entire upper body.
They are the cleanest and most serviceable garments imaginable—come in all materials and styles: Cross back, Hook Front, Surplice, Bandeau, etc. Banded with "Waist" the rustless boning—permitting washing without removal.
Have your dealer show you Ben Jolie Brassieres. If not stock ed, we will gladly send you, prepaid, samples to show you.
